Summary

I am a third-year B.Tech student in Artificial Intelligence and Data Science with a strong interest in web development. I enjoy building responsive and user-friendly web applications while continuously learning modern technologies like React, Flask, and Python. As a national-level basketball player, I have developed discipline, teamwork, and leadership skills that help me adapt quickly and work effectively in a team. I am looking for an internship where I can gain practical experience, contribute to real projects, and grow as a Full Stack Developer.
