Summary

Creative and technically grounded UI/UX designer and illustrator with hands-on experience across digital product design, brand illustration, and front-end visual development. Proven ability to deliver end-to-end design work — from wireframes and full app flows to landing pages and editorial art — for live commercial clients and funded campaigns.

Experience

Freelance Graphic Designer — Jan 2025 – Mar 2025
Vijay Agro Industries

- Designed a complete product catalog from scratch — handling end-to-end layout, typography, product photography presentation, and print-ready output.
- Managed client brief interpretation and delivery independently, demonstrating professional accountability on a live commercial project.

Front End Illustrator — Oct 2025 – May 2026
Floramis

- Designed 25+ UI and interface elements for the Kickstarter campaign page, contributing directly to a successfully funded product launch.
- Produced 2 bespoke in-app illustrations that established and defined the product's core visual identity and tone.

Education

B.Tech in Computer Science — In 2nd year
South Asian University
UI/UX Design Certification — Dec(2025)-March(2026)
SparkIIT — in collaboration with IIT Madras

- User Research, Interaction Design, Wireframing, Prototyping, Visual Hierarchy, Usability Testing

Projects

- OffLoad — Student Convenience App (Wireframes)
- Sample UI Style Guide
- Concept Character Art
- Editorial Magazine Covers
