Summary

Motivated Computer Science Engineering student with a strong interest in software development, artificial intelligence, and web technologies. Experienced in building projects using HTML, CSS, JavaScript, APIs, GitHub, and AI tools. Passionate about problem-solving, continuous learning, and developing innovative solutions for real-world challenges.

Experience

Internship in web development — 1 Aug-2025 to 31 aug 2025
Skillcraft

- Developed responsive web pages using HTML, CSS, and JavaScript
- Worked on frontend development and UI design
- *Improved website responsiveness and user experience
- Learned industry-standard web development practices
- Collaborated on project tasks and debugging activities
- Gained hands-on experience with Git and GitHub
- This will look much more professional than leaving the experience section empty. If you completed any specific project during the internship, mention it as well because interviewers may ask about it.

Student Brand Ambassador — 13 feb 2026 to 20 june 2026
LunchED

- Represented the organization among students and promoted its programs and initiatives
- Increased student engagement through campaigns, events, and social media outreach
- Built strong communication, networking, and leadership skills
- Assisted in organizing and promoting workshops, webinars, and campus activities
- Acted as a bridge between students and the organization, gathering feedback and insights
- Collaborated with teams to improve participation and brand awareness

Education

Bachelor of Technology (B.Tech) — 2024 to 2028
SVKM's College of Engineering, Shirpur

- Focused on software development and AI Participated in hackathons and technical events Completed multiple industry certifications

Projects

- WeatherGenius-Al - Al-powered weather
- recommendation platform
- NeuroCalc-Pro - Advanced web-based
- calculator
- BioGeneter - Al-powered bio and resume
- generator
- DevDipesh Portfolio - Personal portfolio
- website
