Summary

I am a B.Sc. Data Science student with a strong interest in data analytics, machine learning, and solving real-world problems using data. I enjoy working with Python, SQL, Excel, and Power BI to clean, analyze, and visualize data and turn it into meaningful insights. I am continuously improving my technical skills by working on academic and personal projects, exploring new tools, and learning industry best practices. I am eager to gain hands-on experience through internships where I can contribute to real projects, collaborate with professionals, and continue developing as a data science professional. I am currently open to remote internship opportunities in Data Science, Data Analytics, Business Intelligence, and Machine Learning.
