Summary

I am a motivated third-year AI/ML Engineering student with strong knowledge of Python, Java, SQL, Machine Learning, and Web Development. I enjoy solving real-world problems through technology and have experience working on academic and personal projects. I am a quick learner, a team player, and eager to gain hands-on industry experience through internships and challenging opportunities.

Education

Bachelor of Engineering (B.E.) in Artificial Intelligence & Machine Learning — September 2023 – June 2027
GSSSIETW, VTU University

- Currently pursuing B.E. in Artificial Intelligence & Machine Learning.
- Strong foundation in Python, Java, SQL, and Data Structures.
- Completed projects in Machine Learning and Web Development.
- Actively preparing for internships and placement opportunities.

Pre-University Course (PUC) — 2021 – 2023
Sankalapa pre university college

- Completed Science stream with Mathematics.
- Built a strong foundation in analytical and problem-solving skills.
- Participated in academic and extracurricular activities.

SSLC — 2020-2021
Rainbow public School

- Successfully completed secondary education.
- Developed strong academic fundamentals.
- Actively participated in school activities and events.

Projects

- Movie rating project
- IntelliRoute – AI-Powered Smart Logistics & Last-Mile Delivery System
- Student Performance Prediction
