Summary

Passionate Full Stack Developer with experience in Python, React, Next.js, Flask, FastAPI, and AI-powered applications. Skilled in building scalable web applications, REST APIs, automation solutions, and modern user interfaces. Experienced with PostgreSQL, Supabase, Git, Docker, and cloud technologies. Strong problem-solving abilities with hands-on experience in AI, machine learning, and full-stack development projects.

Experience

Python Developer Intern — Jun 2025 - Jul 2025
Labmentix

- Developed Python automation scripts for business workflows.
- Built REST APIs using Flask.
- Worked with SQL databases.
- Collaborated using Git and GitHub.
- Improved application performance and debugging.

Full Stack Developer — Nov 2025 - Jan 2026
Self Employed

- Built responsive websites using React and Next.js.
- Integrated payment gateways and authentication.
- Developed full-stack applications with PostgreSQL and Supabase.
- Delivered projects for multiple clients.

Artificial Intelligence Intern — June 2026 - July 2026
The Entrepreneurship Network (Limitless Technologies LLP)

- Developed AI-powered solutions and completed real-world Artificial Intelligence projects.
- Worked with Python, Machine Learning, and AI tools to solve practical business problems.
- Collaborated with mentors and team members in an agile development environment.
- Improved problem-solving, communication, and analytical skills through project work.
- Successfully completed the internship and received a Letter of Recommendation and Certificate of Completion.
- Built AI applications using Python and modern AI frameworks.
- Worked on Machine Learning models and data-driven problem solving.
- Collaborated on real-world AI projects following industry best practices.
- Enhanced debugging, research, and technical documentation skills.
- Awarded Letter of Recommendation and Certificate of Completion for outstanding performance.

Education

Bachelor of Technology (Biotechnology) — 2023 - 2027
IMS Engineering College, Ghaziabad

- Coursework in Programming, AI and Software Development.
- Participated in technical projects and hackathons.

Projects

- AI First CRM for Healthcare Professionals
- NextGen Learning Dashboard
- Aurora Health Companion
- TIXY E-Commerce Platform
- ATS Resume Checker
- Smart Task Management System
