Summary

I want to join this internship to gain practical industry experience, improve my full-stack development skills, and work on real-world projects. I am passionate about web development, and I believe this internship will help me learn from experienced professionals while contributing to the company's goals.

Experience

FULL STACK DEVELOPER — June-2025 August 2025
RM TECHA

- Developed scalable full-stack web applications using MERN Stack.
- Built REST APIs and integrated MongoDB databases.
- Designed responsive and user-friendly interfaces.
- Worked on frontend, backend, and database integration.
- Improved application performance and debugging workflows.
- Collaborated with team members to deliver projects on time.

Education

Diploma in Computer Engineering — 2023-2026
Rasiklal M. Dhariwal Institute of Technology, Pune

- Completed Diploma in Computer Engineering.
- Focused on Full Stack Development and AI technologies.
- Participated in multiple technical projects and internships.

Projects

- Uniform AI Detection System - AI-powered student uniform detection platform using TensorFlow.js.
- Agentic AI Honeypot for Scam Detection - AI-based scammer engagement and analytics system.
- TrustLens - AI-powered fake job and scam detection platform.
- Portfolio Website - Personal portfolio showcasing projects and skills.
