## Summary

I am a Computer Science Engineering student specializing in Cybersecurity and Blockchain Technology. I have a strong interest in Security Operations and Threat Monitoring. I am developing my skills in Linux, networking, log analysis, SIEM tools, and security incident investigation. I have hands-on learning experience through cybersecurity labs and CTF challenges. I am eager to gain practical experience, learn from professionals, and contribute to a Security Operations Center team.

## Education

BE — Sept 2024-Sept 2028
T John Institute of Technology

- Iot and Cybersecurity

## Projects

- Python Web Vulnerability Scanner
